Subject: Response to Comments, Geneva Rock Products Inc., Center Creek Quarry, M/051/0013,
Wasatch County, Utah

Dear Mr. Mickelsen:

Thank you for your comments, received June 10, 2010, concerning the Center Creek quarry. The issues raised in your letter are outside the scope of the Mined Land Reclamation Act; however, please note that rule R647-1-102.3 contains the following provision:

Operator Responsibilities, Compliance with other Local, State and Federal Laws:

The approval or acceptance of a complete notice of intention shall not relieve an operator from his responsibility to comply with the applicable statutes, rules, regulations, and ordinances of all local, state and federal agencies with jurisdiction over any aspect of the operator's mining operations . . .

Therefore, although the Division of Oil, Gas and Mining is issuing conditional approval for this operation, the operator must still comply with other pertinent requirements. This is noted in our approval letter.

We appreciate the County Commission reaffirming the terms and conditions of the Conditional Use Permit. Please let me know if after reviewing this response you have other concerns. I can be reached by telephone at 801-538-5261 or by electronic mail at paulbaker@utah.gov.

Sincerely,

Paul B. Baker
Minerals Program Manager
